CITIZENS' COMMITTEE FOR THE REINVESTIGATION
OF THE ASSASSINATION OF THE PRESIDENT

16 June 1975

Dear Mr. Weisberg:

It has come to my attention that the testimony of Mrs. John F. Kennedy, hitherto deleted from the Warren Commission's evidence, has been released due to a freedom of information law suit brought forth by you in 1974. My committee would greatly appreciate it if you would forward a copy of that testimony for our own records. I will be happy to pay the costs of copying and mailing.

Appreciatively,

Robert F. Meunier
